DETAILED ACTION

Claim Objections

1. Claim 1 is objected to because of the following informalities: The parentheses should be removed from the claim. The phrase "hereafter 'head'" should also be removed from the claim. Appropriate correction is required.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Steffan (U.S. 6,854,616). Steffan teaches a fast fit assembly 100 having a collar at 101. The collar has an array of bowed linking regions at 107 (see figure 4), and array of elements at 105 which move radially outwardly and bias against the container as shown in figures 7 and 8. The inwardly bowed regions support the array of elements.

Response to Arguments

4. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection. The new grounds of rejection were necessitated by the amendment filed May 15, 2008.

Art Unit: 3781

Conclusion

5. The prior art reference of Leinbrook (U.S. 0,954,115) is cited for the bowed regions shown in figure 3.

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
